

THE STATES OF DELIBERATION
of the
ISLAND OF GUERNSEY

1st February, 2017

Proposition No. P.2016/67

AMENDMENT

Proposed by: Deputy R H Graham

Seconded by: Deputy J S Merrett

Committee for the Environment & Infrastructure

Environmental Pollution (Guernsey) Law, 2004 Part VII – Air Pollution

To insert at the end of Proposition 1f):

"but excluding the proposal in section 7.4 that weekends should be free from smoke from uncontrolled fires".

Explanatory Note

This amendment would permit bonfires meeting the required criteria (i.e. dry garden waste only) to be burned on any day, rather than just on Mondays to Fridays as otherwise proposed.
