

# Access to Public Information Response

November 24<sup>th</sup> 2014

## REQUEST UNDER THE CODE OF PRACTICE FOR ACCESS TO PUBLIC INFORMATION

Request sent on November 24<sup>th</sup> 2014:

Dear Sir, Madam,

I chair the Island's E safety Committee. At our last meeting a decision was made to seek information from CAHMs re self-harm statistics. This was to better inform the committee of the number of children involved and to enable us to plan a strategy to meet the needs of children and young people.

The information would provide statistics only for the committee and no names of individuals.

States of Guernsey Response February 17<sup>th</sup> 2015:

For the month of December we referred 2 YP to CAMHS and supported 2 YP in school with self-harm. For January we referred 2 YP to CAMHS and supported 2 in school.
