

STATES OF DELIBERATION

27th June 2017

Proposition No. P2017/53

AMENDMENT

Proposed by: Deputy D A Tindall
Seconded by: Deputy Lester C Queripel

Policy & Resources Committee

POLICY & RESOURCE PLAN - PHASE TWO

In Propositions 13 to 19 inclusive, immediately after "To approve" in each case, to insert "in principle".

Explanatory Note

The purpose of this amendment is to clarify that the States agrees to the main priorities and the general direction of travel indicated in the seven Committee Plans but not each and every element. This will enable the work to start towards achieving the previously agreed outcomes which contribute to the longer-term vision but removing the ambiguity as to whether Members are approving every word set out in each Plan.
