

Working in ADULT COMMUNITY SERVICES

If you would like to be a valued member of a truly integrated Health and Social Care Service and have a great work-life balance then we offer excellent career opportunities for

**Band 5 – Band 7
Registered Nurses.**

States of
Guernsey

The Adult Community Nursing Service delivers 24 hour nursing care through the following teams:

- + District nursing teams – North and South
- + Twilight and Night nursing team
- + Community Rapid Response team

Our Community Nursing teams provide person-centred services that enable the adult people of Guernsey to have greater independence, choice and control over their lives, whilst living in their own homes for as long as they choose or are able to do so.

We do this through the delivery of co-located, integrated health & social care services that are safe, effective, innovative, professional, compassionate and caring. This allows us to work collaboratively and in partnership with other services within Guernsey Health and Social Care and with our Primary Care colleagues.

“ I have never regretted the choice I made in moving to live and work in Guernsey. The job is challenging but everyone in the community teams made me feel so welcome and the quality of life that I now enjoy can't be beaten! ”

Lynda Potter - Community Practice Development Nurse

The teams aim to provide relevant expert assessment leading to care and support for service users and carers in the right environment, when it is needed and from suitably trained and experienced staff and we pride ourselves on endeavouring to give our service users the knowledge and confidence to retain personal responsibility for their lives at all stages.

Adult Community Care plays an integral role in delivering the States of Guernsey ambition to provide care closer to home as part of a new model of care.

We are looking for motivated and committed individuals who want to be part of a customer focused service.

In return we offer excellent training and development opportunities and the chance to work in a unique and charming environment.
