

STATES OF DELIBERATION
of the
ISLAND OF GUERNSEY

13th December, 2017

Proposition No. P2017/115

AMENDMENT

Proposed by: Deputy P J Roffey
Seconded by: Deputy H J R Soulsby

Committee *for the* Environment & Infrastructure and
the States' Trading Supervisory Board

Waste Strategy Implementation – Household Charging Mechanisms

To delete Proposition 3 b) and to replace Propositions 4 and 5 with the following Propositions:

- "4. To direct the Committee *for the* Environment & Infrastructure and the States' Trading Supervisory Board to consult with the Policy & Resources Committee and return to the States as soon as possible with proposals for financing all or part of the capital elements of the waste strategy from the Capital Reserve and to repay all or part of any borrowing incurred so far in this respect.
5. To agree that the owner(s) of:-
- a) a dwelling or a lodging house; and
 - b) any business, the premises of which is admitted into the parish waste collection and transfer service,

will be the person liable to pay the Parish Waste Rate for households, but with a right for the owner of a dwelling house, lodging house or business to recover the Parish Waste Rate levied from the current occupier as a civil debt as set out in paragraphs 6.5 and 6.15 of the Policy Letter."

Explanatory Note

This amendment seeks to avoid the need for the Waste Disposal Authority to have to levy a flat charge per household and allows the revenue costs of the strategy to be fully covered by the charge per bag.
