

THE STATES OF DELIBERATION
of the
ISLAND OF GUERNSEY

13th December 2017

Proposition P.2017/115

AMENDMENT

Proposed by: Deputy H L de Sausmarez
Seconded by: Deputy S T Hansmann Rouxel

STATES' TRADING SUPERVISORY BOARD
&
COMMITTEE FOR THE ENVIRONMENT & INFRASTRUCTURE

Waste Strategy Implementation – Household Charging Mechanisms

1. To insert new Proposition 3 (b) as follows:
 - "(b) an annual fixed charge per household and per business, the premises of which is admitted into the parish waste collection and transfer service, to be-
 - (i) calculated for the year in question to recover the projected total costs to the Waste Disposal Authority and the States of providing waste management services, minus the projected income derived from the per bag charge on residual waste and any financing under Proposition 4, and
 - (ii) divided equally between all persons liable to pay the charge."
2. To insert new Proposition 7 as follows :
 - "7. To direct the States' Trading Supervisory Board and the Committee *for the* Environment & Infrastructure, when returning to the States as directed by Proposition 4, to provide a range of options relating to the per bag charge on residual waste, including an option that zero-rates the annual fixed charge."

Explanatory Note

New Proposition 3(b) reintroduces the provision for an annual fixed charge to be levied by the WDA.
NB this could be zero-rated.

New Proposition 7 directs the two Committees to bring back options on the per bag charge, including an option that would rate the annual fixed charge at zero.
