**17<sup>th</sup> October 2018**

**Proposition No. P.2018/85**

**AMENDMENT**

Proposed by: Deputy P Roffey  
Seconded by: Deputy C Green

**Committee for Employment & Social Security**

**Non-Contributory Benefit Rates for 2019**

To renumber the existing proposition 11 as proposition 12 and to insert a new proposition 11 as follows:

11. To agree in principle that all of those in receipt of Income Support should qualify for Medical Support and to request the Committee *for* Employment & Social Security to report back to the States on the financial implications of such a reform, together with proposals for its implementation, no later than its uprating report on non-contributory benefits for 2020.

**Rule 4(3) Information – ESSC estimate that the cost of extending Medical Support to everybody who is in receipt of Income Support would be circa £304,000 per year but the amendment calls for a report including the financial implications of such a move at which time more detailed costing would be provided.**
