

What is a Toucan Crossing?

A Toucan Crossing is a signalised crossing where cyclists can legally ride across the same space as pedestrians.

1. Press button to stop traffic
2. Cross when the green symbols illuminate
3. Share the space with other users
4. Enjoy your journey!

Signal controls

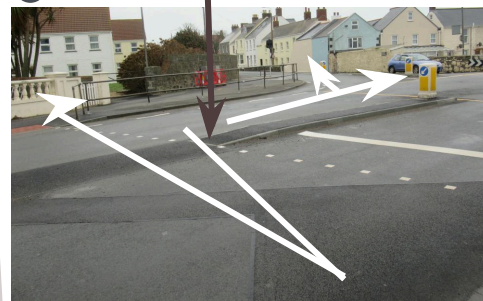

Bulwer Avenue

Bas Courtils Road

Central island

Cycle crossing point, cyclists will need to give way to traffic entering Grandes Maisons Road.

For Bulwer Avenue, cyclists should turn right into the northbound carriageway at the central island.

For Grandes Maisons Rd, cyclists can either turn right at the island or proceed onto the shared footway area before giving way & rejoining the carriageway.
