The Responsible Officer is registered as a data controller for matters under the Regulation of Health Professions (Medical Practitioners) (Guernsey and Alderney) Ordinance, 2015.

The Director of Environmental and Pollution Regulation is registered as a data controller for matters under Food safety and hygiene legislation, Public Health legislation and Tattooing, Piercing, Acupuncture and Electrolysis legislation.

The Director of Public Health is registered as a controller for matters under the Public health Legislation (Santé Publique 1936 Ordinance. Education Law 1970).

1. The Data Protection Law

The controllers within the HSC acknowledge their obligations as per the Data Protection (Bailiwick of Guernsey) Law, 2017 (the Law) which provides a number of requirements in terms of processing activities involving personal data. The controllers further acknowledge the general principles of processing as well as the rights of a data subject and more information in relation to these provisions are provided within this fair processing notice.

2. The Principles of Processing

a. Lawfulness, fairness and transparency

Personal data must be processed lawfully, fairly and in a transparent manner.

We collect the following data personal data:

- Basic data about individuals such as name, address, date of birth.

We also collect special category data which is information from individuals concerning:

- race;
- ethnic origin;
- politics;
- religion;
- trade union membership;
- genetics;
- biometrics such as fingerprints and DNA;
- health information;
- sex life or sexual orientation

The purpose for collecting the data is to enable the delivery of effective appropriate and safe health and social care and to meet its statutory obligations.

The lawful basis for collecting each type of personal data and special category data will vary dependent upon the specific purpose.

The HSC processes data in a lawful manner in accordance with the Law and in particular, Schedule 2 parts I and II. The processing condition will vary according to the specific purpose in each case, for a full list of lawful basis conditions that we rely upon, please click [here](#).

Personal data is collected in most instances directly from you, the data subject. Where data is obtained indirectly, this will be in most circumstances from another healthcare provider. In

these circumstances you will be aware at the point of data collection who we may contact to confirm or verify the data you have provided, or to provide us with additional information so that we can deliver the service you are seeking. Information is only shared if we have lawful basis for doing so and in order to meet the purpose for which the information was collected.

b. Purpose limitation

Personal data must not be collected except for a specific, explicit and legitimate purpose and, once collected, must not be further processed in a manner incompatible with the purpose for which it was collected.

The controller acknowledges its responsibility with regards to this data protection principle and therefore the controller maintains that it will not further process that personal data in a way which is incompatible to its original reason for processing as specified in section 2a, unless the controller is required to do so by law.

Data will be transferred outside of the Bailiwick to ensure the continuation of safe health or social care (normally only to GDPR compliant jurisdictions, to other jurisdictions this is only done with the explicit consent of the data subject)

c. Minimisation

Personal data processed must be adequate, relevant and limited to what is necessary in relation to the purpose for which it is processed.

The controller maintains that it will only process the personal data which is detailed in section 2a, and will not process any further personal data that is not necessary in relation to the original reason for processing personal data as specified in section 2a, unless the controller is required to do so by law.

d. Accuracy

Personal data processed must be accurate, kept up-to-date (where applicable) and reasonable steps must be taken to ensure that personal data that is inaccurate is erased or corrected without delay.

The controller will ensure that all personal data that it holds is accurate and kept up-to-date, and any personal data that is inaccurate will be erased or corrected without delay.

e. Storage limitation

Personal data must not be kept in a form that permits identification of a data subject for any longer than is necessary for the purpose for which it is processed.

The HSC will keep health and social care records on data subjects for as long as they are needed to deliver health and social care.

Other personal data held will be destroyed when the professional guidance advises it is acceptable to do so, or it is no longer required, such as registration documents.

f. Integrity and confidentiality

Personal data must be processed in a manner that ensures its appropriate security, including protecting it against unauthorised or unlawful processing and against accidental loss, destruction or damage, using appropriate technical or organisational measures.

Personal data is held in hard copy and electronic format.

Information Access – access to electronic or paper records is tightly controlled. Protocols are followed to ensure that employees only have access to areas and documents as required to undertake their role. Access is monitored and effectively managed.

Information Security – the HSC adopts the information security standards of the States of Guernsey

g. Accountability

The controller is responsible for, and must be able to demonstrate, compliance with the data protection principles.
