HOSPITAL MODERNISATION PROGRAMME

AMENDMENT

Proposed by: Deputy Laurie B Queripel

Seconded by: Deputy J I Mooney

For Proposition 2, substitute:-

"2. Following approval of the necessary business cases by the States, to delegate authority to the Policy & Resources Committee, to open capital votes of a maximum of £44.3million, charged to the Capital Reserve, to fund Phase 1 of the Hospital Modernisation Programme, as set out in section 7 of the Policy Letter; and"

Rule 4(3) Information

Based on the information provided in the Policy Letter, it is not apparent that there would be any material financial implications were the Amendment to be successful and subsequently approved. However, it is recognised that should there be delay in bringing the business cases back to the States for approval and depending on the terms and conditions of any construction contracts entered into for the purpose of carrying out the relevant works, some additional cost could be incurred.
