

Access to Public Information Request

Date of receipt: 26th April 2019

Date of response: 14th May 2019

Public Enquiries

Request:

Pursuant to the Code of Practice for Access to Public Information, please would you provide me with a list and short details of all public enquiries conducted in Guernsey over the last 50 years.

Response:

In response to your API dated 26th April 2019, the first Outline Development Plan was approved in 1967 and can be found at page 385 of the 1967 Billet volume. There were four detailed development plans in total before the then IDC moved to the Urban and Rural Area Plans.

In addition, Urban and Rural Area Plans have been altered through various amendments and reviews:

Plan	Date Approved by the States
Rural Area Plan – Phase 1	October 1994
Urban Area Plan	February 1995
Rural Area Plan – Phase 2	July 2007
Urban Area Plan (Review 1)	July 2002
Rural Area Plan (Review 1)	December 2005
Urban Area Plan (Supplementary Booklet)	February 2007

In addition, under the Administrative Decisions (Review Board) (Guernsey) Law, 1986, which came into force in early 1987, there are annual reports which include details of the findings of any Review Board held during a particular year. These are published as part of a Billet for the relevant year and can be found in the index for Billets under "Review Board".

In addition, a few enquiries have been held under the provisions of the Tribunals of Inquiry (Evidence) (Guernsey) Law, 1949. The most recent was that held following the airport firemen's strike c.2010. Again, the reports of enquiries under this Law are published in Billets.

All editions of the Billet mentioned above can be accessed at the Guille-Alles Library in St Peter Port.
