

THE STATES OF DELIBERATION
of the
ISLAND OF GUERNSEY

25th June, 2019

MOTION UNDER ARTICLE 7(1) OF THE REFORM (GUERNSEY) LAW, 1948

Proposed by: Deputy D A Tindall
Seconded by: Deputy C J Green

To suspend Rule 24(2)(e) of the Rules of Procedure to the extent necessary to permit the Amendment set out below to be moved.

Proposition P.2019/40

POLICY & RESOURCES COMMITTEE

POLICY & RESOURCE PLAN – 2018 REVIEW AND 2019 UPDATE

AMENDMENT

Proposed by: Deputy D A Tindall
Seconded by: Deputy C J Green

In the event that Amendment 17 is approved, to insert the following paragraph in the amended Proposition immediately after paragraph 4. c):

- "ca) To direct the Policy & Resources Committee, when coordinating a regular forum for the working group in accordance with paragraph c), to invite all other Committees of the States not referred to in paragraph b) to appoint a delegated representative to attend each such forum if they so wish.";

ALTERNATIVELY, in the event that Amendment 17 is not approved but Amendment 6 is approved, to insert the following paragraph in the amended Proposition immediately after paragraph 4. c):

- "ca) To direct the Policy & Resources Committee, when setting up a working group or coordinating regular summits under paragraphs b) and/or c) respectively, to invite all other Committees of the States not referred to in paragraph b) to appoint a delegated representative to attend each meeting of such working group or such regular summit if they so wish.".

EXPLANATORY NOTE

Amendments have been lodged to set up a working group to consider the provision of services that are provided centrally, but which are essential to all Committees in the delivery of their mandates (such as IT, HR, data protection, health & safety, finance, communications, and increasingly policy development). These amendments, whilst indicating representatives from States' bodies other than Principal Committees will be invited to attend as appropriate, they are not given the automatic right to attend if they deem fit. As the current involvement of other States' bodies in consultation and in decision making processes is not consistent or transparent, it is felt that the other States' bodies should be given a right to attend such summits to further assist with ensuring the very best service is achieved for all Committees and Service Areas.
