States' Trading and Supervisory Board	Development of Target Operating Model and Benchmarking and Efficiency Review	Red Quadrant	Nov-18	Yes	No		Incomplete. To be reviewed when complete.
States' Trading and Supervisory Board	Valuation Report for a building and land known as No.2 Cornet Street	Watts & Co	Mar-19	No	No		Exception 2.3 (Effective Management and operations of the public service) - Property valuations inform the recipient of the current market value of an asset and as such influence the commercial decisions associated with that property. The release of such information could weaken the States of Guernsey's commercial position.
States' Trading and Supervisory Board	Customer Service Survey	Institute of customer service	Sep-18	Yes	No		Exception 2.13 (Third party's commercial confidences). The report is an industry wide comparison so mentions data and information on other utilities and companies. Relevant guernsey information is released via media release only, taking relevant excerpts from the report.
