

QUESTIONS PURSUANT TO RULE 11 OF THE RULES OF PROCEDURE

From	Deputy J.A.B. Gollop
To	President, Committee <i>for the</i> Environment & Infrastructure
Subject	Traffic systems
Date of questions	29.10.2019
States' Meeting	06.11.2019

Question 1

IRIS, the Island Road Information System, has been an important tool in road closure management and communications for a number of years. Are there digital and operational improvements that could be made to ensure the system is fit for purpose?

Question 2

Sometimes, anecdotally, roads are signposted online and/or manually as closed to through traffic but in reality can be safely traversed. Can such scenarios be more instantly managed and communicated via social media?

Question 3

There appears to be a growing trend of radical bus diversions cutting off vast areas of the Island and potentially vulnerable members of the public losing their bus services for days or weeks at a time! Can health and safety requirements be adapted to suit more flexible public transport alternative routes?
