In providing information below in answer to the questions posed, it is considered helpful to provide some context to the Locate Guernsey showcase event:

On 10th October the Locate Guernsey team, supported by senior political figures including President of the Committee *for* Economic Development Deputy Charles Parkinson and President of the Policy and Resources Committee and Chief Minister Deputy Gavin St. Pier, hosted a Showcase lunch at The Leadenhall Building in the heart of London.

This was Locate Guernsey's fourth London showcase and the first lead by its director since November last year, Jo Stoddart, who was clear that the venue, the highest dedicated events space in London, some 740 feet high in the iconic Cheesegrater building was a factor in being able to attract the right mix of prospective relocators and professional advisers to high net-worth individuals and businesses.

This year's event welcomed 21 sponsors, all Guernsey-based businesses representing a broad range of professional services available in the island, spanning corporate aviation through trust administration and beyond to tax and property specialists. It was a significant opportunity for Guernsey's business community in partnership with Locate Guernsey to demonstrate to an influential audience that Guernsey is a fantastic jurisdiction to locate to, and offers a great deal in terms of business opportunities, a high-quality lifestyle, and a friendly, safe and attractive environment to live and work in, while being easily accessible by way of residence in the island's uniquely valuable Open Market.

Representatives of the States of Guernsey, Locate Guernsey and key speakers in attendance were:

Jo Stoddart, Locate Guernsey

Gavin St. Pier, States of Guernsey

Andrea Dudley-Owen, States of Guernsey

Lord Digby Jones, guest as key note speaker on behalf of Locate Guernsey

Also in attendance were three Locate Guernsey employees and three States of Guernsey employees.

The list of attendees takes into account exemptions provided in Section 2.12 (Privacy of an Individual) of the Code of Practice for Action to Public Information.

Guernsey-based businesses hosted or co-hosted 19 of the 22 tables. Businesses were encouraged to bring non-Guernsey resident individuals as guests aiming for a 30/70 split favouring off-island residents. Each business attending is detailed in the Guernsey Showcase guide produced for all attendees.

The Guernsey Showcase guide includes information about Locate Guernsey, the speakers, the appeal of Guernsey and some details about living in Guernsey; this includes Open Market property, Tax, Setting up a business, Healthcare, Education

and Immigration. It also profiles the businesses of the sponsors, demonstrating the corporate capability of Guernsey.

An electronic version of the Guernsey Showcase guide is attached.

2) Any materials handed out and received, including any presentation slides.

Each attendee was offered a Locate Guernsey branded name badge.

Each table place included a Locate Guernsey branded bag containing Locate Guernsey branded items: brochure with USB key (stuck on the front), pre-loaded with three short video clips detailing the benefits of Guernsey, full information sheets about Tax in Guernsey, Living in Open Market Property and Setting up a Business in Guernsey, pen, post it note pad, post card, biscuit box and small soft toy (Guernsey Donkey or Guernsey Cow).

On each table place was a Locate Guernsey showcase guide in booklet form.

On each table there were three Locate Guernsey menu cards. An electronic version is attached.

Some Guernsey businesses provided their own branded corporate gifts to their guests.

No materials were received by Locate Guernsey other than the digital brand imagery provided by the Guernsey businesses in attendance for inclusion on-screen, on Locate Guernsey menu cards and in the Guernsey Showcase guide and artwork for a one-page advertisement from each sponsor which featured in the Guernsey Showcase guide.

There were title slides alternating scenic Guernsey views with business brands as a 'back-drop' on screen including when speakers were at the podium. Attached.
