11th December, 2019

Proposition P.2019/134

COMMITTEE FOR HOME AFFAIRS

TELECOMMUNICATIONS SUPPLY CHAIN SECURITY FRAMEWORK

AMENDMENT

Proposed by: Deputy H L de Sausmarez

Seconded by: Deputy J S Merrett

In Proposition 1, immediately after the word “Framework” to insert:

“, noting that this endorsement shall not be construed as support for any given policy direction on 5G or telecoms”

EXPLANATORY NOTE

The Committee for Economic Development’s Future of Telecoms Strategy, cited in this framework, has not been debated or endorsed by the States. While a framework for the security of the telecoms supply chain is both necessary and welcome, its endorsement should not be seen by extension as endorsement of any given policy direction on 5G. This amendment makes that distinction clear.
