Chairman's Report

Overview

I am pleased to be able to provide a report on the Bailiwick of Guernsey's performance within the Channel Islands Lottery ("CIL") for 2019. The requirement to report is contained within section 2(5) of The Gambling (Channel Islands Lottery) (Bailiwick of Guernsey) Ordinance, 1975 (as amended).

The STSB's mandate is the oversight of the administration and promotion of the CILG and the committee's vision for the CILG is clear in that it wishes to ensure all CILG games continue to be a positive experience for participants, providing the best return to the charity sector and other notable good causes, whilst carrying out operations in a responsible manner.

Over the last twelve months, the CILG has remained under the spotlight as concerns for problem gambling are heightened. As a result, and to identify the scale of the problem, a Health Impact Assessment on Gambling Addiction in the Bailiwick has been commissioned by the Committee for Health & Social (HSC), funded from the Appropriation Account. The CILG responsible officers are actively supporting the research work and continue to collaborate with the addiction service providers on island and through the responsible gambling authority GamCare in the UK.

A procurement process was initiated in the summer of 2019 to appoint a main agent for managing the distribution of tickets across the Bailiwick of Guernsey. Following an open tender process, which invited interested parties including existing agents to present proposals, Guernsey Post was awarded a five year contract commencing from May 2020. Its proposal demonstrated the capability to manage the requirements of the tender in a responsible way and ultimately deliver the best value.

Furthermore, new contract arrangements with our game maker partner Scientific Games International ("SGI") have been agreed which seek to further improve the efficiencies of the CIL and in turn result in more funding being available for charities and good causes.

Business Performance

The CILG continues to perform well although the rate of growth in sales has declined in 2019. Sales in the scratch game grew in Guernsey by 5.6% in 2019 to £12.5m, versus 22.5% in 2018. Christmas draw sales were down by £165k in Guernsey to £1.0m. Total sales in Guernsey in 2019 were £13.5m.

A set percentage of the sales value of tickets in each game is assigned to prizes (72% is the highest on the £10 game, 60.5% is the average across the various price points). The biggest prize in the instant game portfolio is £100,000 on a £10 scratch card. The £5 tickets continue to be the largest contributor to sales, generating approximately 49% of total sales (£6.6m).

In 2019 there was an expansion of the game portfolio with an increase from six to eight instant games at any one time. The additional games which included a Bingo game were more whimsical in style and designed to encourage participants to take home and play.

Financial Performance

The CILG continues to provide important funding and since 2013 £6.1m has been raised in Guernsey which then goes towards charity, to funding Beau Sejour's operating deficit and to good causes that benefit the Island's community.

Net proceeds from the annual CILG Christmas Draw are donated to the Association of Guernsey Charities (AGC). £184k was distributed to charities via the AGC from Christmas Lottery revenues in 2019, a decline of £31k on 2018. £1.6m has been distributed to charities via the AGC over the last seven years from the proceeds of the Christmas Draw.

The annual net proceeds of the CILG Instant Games, continues to be transferred to the Beau Sejour Leisure Centre up to the level of the Centre's operating deficit, in 2019 this was £605k (2018: £616k).

Our Community

The STSB is committed to contribute to the Policy & Resource Plan's vision that: “We will be among the happiest and healthiest places in the world, where everyone has equal opportunity to achieve their potential. We will be a safe and inclusive community, which nurtures its unique heritage and environment and is underpinned by a diverse and successful economy.”

The CIL continues to distribute much needed funds towards charity and good causes throughout the Bailiwick of Guernsey and Jersey.

The CILG also contributes funds towards problem gambling research. The work being carried into problem gambling in Guernsey and Alderney recognises that, whilst most people who

gamble do so responsibly most of the time, problem gambling can be harmful for some. This includes binge gambling, excessive gambling, periods of loss of control and a more serious gambling addiction. The resulting harm impacts not only on the gambler, but also on families, friends, communities and employers. It is therefore important that the prevalence of the problem is understood so that services to address identified areas of concern can be developed.

The Team

The Lottery Manager with support from a small team administers the CILG operations. I would like to thank the team for all their hard work and commitment throughout the year.

The Future

The Lottery Manager continues to work closely with his Jersey counterparts to reduce duplication of services. A memorandum of understanding (MOU) has been submitted to the Economic Development, Tourism, Sport and Culture Department Director in Jersey to review proposals to develop working arrangements between the islands to establish a function that is responsible for operating the CIL across Guernsey and Jersey. A key driver for this project is to maximise the potential profitability and contribution to good causes while maintaining the CIL's reputation.

The success criteria of this project can be outlined as:

- improving the partnership working and management of the CIL between the States of Guernsey and States of Jersey;
- maximising the return of the CIL, whilst balancing this with maintaining reputation and user experience, and
- increasing the contribution of the CIL Christmas Draw and Instant Games to support the 3rd sector.

In 2020 there are plans to celebrate the CIL's 45th Anniversary. Included within this celebration will be the launch of a CIL pan-island website.

In March 2020 (Billet d'État VII, 2020) the States of Deliberation agreed to form a Social Investment Fund as a Company Limited by Guarantee. This is a vehicle that will use both public and private funds drawn from a variety of sources including the CILG to invest in the charitable and third sector, and will help build even greater partnership and joint working between the States and the charitable and third sector. Similar bodies have been set up in other jurisdictions as a way of developing and supporting the third sector work to deliver desired outcomes in an efficient and sustainable way.

In order to fund the Social Investment Fund, the States approved, inter alia:

- to rescind existing resolutions relating to the distribution of CI Lottery (Guernsey) proceeds and replace with:
 - To direct that any Channel Island Lottery (Guernsey) proceeds are to be retained in the Channel Islands Lottery (Guernsey) Fund Appropriation Account and to delegate authority to the Policy & Resources Committee to approve their use for:
 - (i) Funding initiatives designed to help and support individuals experiencing gambling problems locally;
 - (ii) Providing a ring-fenced annual grant to the Committee *for* Education, Sport & Culture specifically for funding Beau Sejour Leisure Centre; and
 - (iii) Transferring to the Social Investment Fund.
- to agree that a ring-fenced annual grant of a maximum of £700,000 per annum for the three years 2021 - 2023 be provided from the Channel Islands Lottery (Guernsey) Fund Appropriation Account to the Committee *for* Education, Sport & Culture specifically for funding Beau Sejour Leisure Centre;
- to approve the transfer of the uncommitted balance of the Channel Islands Lottery (Guernsey) Fund Appropriation Account as at 31 December 2019 to the Social Investment Fund, and
- to agree that any balance of the Channel Islands Lottery (Guernsey) Fund Appropriation Account from 2020 onwards be transferred to the Social Investment Fund.

Lottery Manager's Report

The STSB presents the report and accounts for CILG for the year ended 31 December 2019. These comprise of the Operating Account Analysis, Appropriation Account and accompanying notes.

Principal activities

The STSB operates the Lottery in Guernsey but it is effectively a joint operation between the States of Guernsey and the States of Jersey. Its foundation is enshrined in legislation and States of Guernsey Resolutions. It is the oldest Lottery in the British Isles and was established between the Islands in 1975. In its infancy, Jersey and Guernsey utilised the revenues towards helping fund the operations of their respective leisure centres at Fort Regent and Beau Sejour. By 1980 a Charity Christmas Draw was introduced and remains popular today, albeit with declining sales over the last few years.

The Guernsey Lottery was established in 1971 as a means of providing funding for special States led projects of benefit to the community. In the following year the States of Deliberation agreed to refine the objective of the Lottery in order for it to contribute only to the Beau Sejour Leisure Centre, which was then under development. When the Lotteries of Guernsey and Jersey merged to form the Channel Islands Lottery in 1975, a States' Resolution determined that the Guernsey portion of the proceeds should continue to be directed towards the operation of Beau Sejour in recognition of its value to the local people.

The CIL at present has two component formats: firstly, there are the regular instant-win games and secondly the CI Christmas Lottery which is a draw/instant game with a drawn top prize, a range of significant secondary drawn prizes and an instant element.

Any scratch card net proceeds exceeding the operating deficit of Beau Sejour, excluding the Christmas Draw, are retained within the States of Guernsey Appropriation Account and are used for major projects that will enhance the Committee *for* Education, Sport and Culture's properties; for the funding of events which have a particularly special significance to the Island's heritage and unique cultural identity; or to fund initiatives designed to help and support individuals experiencing gambling problems locally.

Operational performance

i) Ticket Sales:

There has been year-on-year growth in scratch card sales revenue in Guernsey since 2011, coinciding with the commencement of the partnership agreement with Scientific Games and returning a higher percentage back to players as prizes. CILG scratch card sales in 2019 were £12.5m, a 5.6% increase on 2018 and an increase of £11.6m compared to 2011 sales of £0.9m.

ii) CI Christmas Lottery 2019:

A new prize structure was introduced featuring a guaranteed top prize of £1million. In Guernsey 340,000 tickets were sold in 2019 contributing £1.0m to total sales, this represents a drop of 14% on 2018.

It is believed that the decline was due in part to the poor weather that occurred during the key selling period from November leading up to the live draw on 19 December. The local retail sector was affected in the same period due to poor weather. As part of the continued efforts to maintain the Christmas draw's popularity, Island Global Research have been commissioned to carry out a survey to gauge feedback from Channel Islands participants and the findings will help shape the 2020 Christmas game.

iii) CILG Profits Disbursed Towards Charity and Good Causes:

Over a period of seven years, a total of £6.1m has been raised for charity and good causes. Local charities have received £1.6m over this period. Beau Sejour Centre receives a significant amount which is utilised for the centre's operating deficit. In 2019 this equated to £605k (2018 £616k). The Island Games Association has received £325k over the last three years to be used for the operation of Guernsey's 2021 Island Games, a total of £600k has been committed to this event in total, with the outstanding commitment now £275k.

The profits from the Christmas Charity Draw are paid to the Association of Guernsey Charities (AGC) for distribution to charitable groups. In 2019, due to a decline in ticket sales the donation to AGC was down by 15% to £184k. With the STSB's agreement the AGC has distributed the funds as detailed in Note 6.

Prizes which are not claimed are forfeited after a given period of time, usually 12 months after the final issue of tickets for each game/draw. The total value of prizes unclaimed in the Bailiwick of Guernsey amounted to £139k in 2019 (2018: £87k). These forfeited prizes contribute to the proceeds available for good causes.

Corporate governance

The purpose of the CILG Sub-Committee is to support the delivery of the STSB's mandate, ensuring the efficient and effective management, operation and maintenance of the CILG.

The CILG Sub-Committee is accountable to the STSB and operates by challenging established practices and assumptions and seeking to support the business in establishing clear strategic direction, business planning and operational delivery in support of the outcomes of the Policy & Resource Plan, the Medium Term Financial Plan, the Public Service Reform Agenda, Service Guernsey and other strategic reviews and organisational drivers.

The CILG Sub-Committee membership is a minimum of two States' Trading Supervisory Board Members plus Deputy Managing Director – States of Guernsey Trading Assets, Finance Business Partner – States of Guernsey Trading Assets and the Lottery Manager.

All members other than the Lottery Manager and the Finance Business Partner are appointed by the STSB.

As a subcommittee of the States, the quorum will be two members of the STSB.

The CILG Sub-Committee does not hold a fiduciary responsibility.

The CILG Sub-Committee will take into account the States' political direction with regard to the operation of the CILG, as directed from time to time by the STSB. It must ensure that the CILG operations and operational policies align with the wider strategy and policy framework of the States of Guernsey and/or the STSB. The CILG Sub-Committee may generate policy for endorsement by the STSB and onward to the States of Guernsey as required.

The STSB specifically confers the following responsibilities and delegated authority to the CILG Sub-Committee:

- To approve capital and revenue annual budgets in line with the long-term budgets approved by the STSB;
- To approve annual business plans in line with long-term strategy and planning approved by or directed by the STSB;
- To approve and issue annual reports; and
- To guide and steer the CILG.

In carrying out these responsibilities the CILG Sub-Committee is bound and enabled by States of Guernsey rules for financial and resource management and the rules, directives policies and procedures of the States of Guernsey, such as, but not limited to: Finance; Procurement; Property; Human Resources; Data Protection; Health and Safety Management; Risk and Issue Management; Managing Matters of Litigation and Relevant legislation. The CILG Sub-Committee has the authority delegated by the STSB to direct the Lottery Manager in the day-to-day operation of the CILG in line with approved budget and business plans.

States' Trading Supervisory Board Channel Island Lottery – Guernsey

Corporate Governance – continued

The CILG acts as a political sub-committee of the STSB.

STSB can disband the CILG Sub-Committee at any time without notice or recourse to any other body.

In the event due process has not been followed, the CILG Sub-Committee must render itself unable to make a decision until such time process has been followed.
