Date of response: 30th September 2020

Access to Public Information request:

Request for information:

Under the Code of Practice for Access to Public Information, could you please provide the number of students entering year 7 at each of the secondary schools (including the colleges) for each of the last 5 years, including 2020? I believe this information may be relevant to the education aspect of the current general election.

Response:

Below are the figures requested. The figures for the Colleges (fee paid) are the children who were in States' School in Year 6 but opted out of State secondary education for year 7. The Colleges do their own admissions and we do not have access to their records, therefore we cannot know the number of students entering year 7, with them.
