

Watching on a laptop or PC

To watch from a laptop or computer you may first need to select "Watch on the web instead" and then "View anonymously" as shown in the images below.

If you have Teams installed on your computer or laptop you can choose to open in Microsoft Teams

Watching on a mobile or tablet

You will need to download the free Teams app to view from a mobile or tablet device [Download desktop and mobile apps | Microsoft Teams](#)

Or search 'Microsoft Teams' in the Google Play Store (Android users) or App Store (Apple users)
