

THE STATES OF DELIBERATION
of the
ISLAND OF GUERNSEY

17th March, 2021

Proposition No. P.2021/21

Policy & Resources Committee

Government Work Plan – stage 1

AMENDMENT

Proposed by: Deputy G St Pier

Seconded by: Deputy V Oliver

In Proposition 1:

- a) To delete “three”
- b) To delete “and”
- c) To insert after the last semi-colon “
 - Public Service Reform”
- d) To make consequential changes to the references to “three priorities” in propositions 4, 5 and 6

Rule 4(3) Information

There would be no financial implications to the States in the inclusion of Public Service Reform in the list of government priorities but, clearly, it is intended that there will be financial savings and benefits from the delivery of reform.

Explanatory note

Figure 3.2 on page 14 of the policy letter illustrates that ‘Public Service Reform priorities’ are already a component of the Government Work Plan. This amendment simply reflects this by ensuring that it is one of the main priorities of government at this time in Proposition 1.
