8. To note the States' Trading Supervisory Board, in consultation with the Policy & Resources Committee, the Committee *for the* Environment & Infrastructure and the Douzaines, will review the current arrangements for household waste and recycling collections, to identify the optimum future arrangements; and if necessary will report back to the States setting out proposals for any required changes to the statutory Waste Management Plan and to relevant legislation including the Parochial Collection of Waste (Guernsey) Law, 2015 and the Parochial Collection of Waste (Guernsey) Ordinance, 2018.
