

Contacting the Prescribing Support Unit

As most colleagues will be aware, Marc Jenkins has joined the Prescribing Support Unit as a Senior Pharmacist.

Marc will be working with me in the PSU four days per week and will be working with our hospital colleagues on one day per week, Wednesday.

It would help us enormously going forward if as many email queries as possible are sent to the PSU inbox, which is psu@gov.gg

You, of course, are quite welcome to contact either, or both of us at any time.

Kind Regards

Geraldine.
