1. What we do:

This summary is provided simply to provide a broad overview of the work of the Culture and Leisure Department and it is of necessity brief. It is supported by the Cultural Strategy and a wide range of supporting information which is posted on the Culture and Leisure section of the States of Guernsey government website at [www.gov.gg](http://www.gov.gg). Alternatively any document referred to in this summary is available in print or electronically upon request.

The following overarching statement of government aims was approved by the States in July 2009:

*The government of Guernsey aims to improve the quality of life of Islanders and to secure our economic future while protecting the Island’s natural environment, unique cultural identity and rich heritage.*

It recognises that this requires:

- *Maintenance and enhancement of Guernsey’s standing in the global community*
- *Wise long-term management of Island resources*
- *Co-ordinated and cost-effective delivery of public services*
- *Sustainable economic growth and effective public services without increasing the population to the detriment of our environment and way of life*
- *Improved awareness of the culture and identity of Guernsey*

The direction that is provided by the States Strategic Plan in guiding and informing the Cultural Strategy ensures a joined up approach for government. The Cultural Strategy informs the people of Guernsey and the States of the priorities and use of resources by the Culture and Leisure Department in pursuit of its aims and objectives in line with the direction given by the States Strategic Plan.

Through its own actions and its partnership with other key providers, the Department hopes that the Cultural Strategy will play its part in improving the quality of life in Guernsey.

The Cultural Strategy looks to achieve the following aims:

- **Guardian of Guernsey’s cultural heritage**
- **An active, stronger society**
- **Guernsey as a unique cultural venue**
- **A wider range of opportunities for all**

**Guardian of Guernsey’s cultural heritage**
To ensure that the island community leaves a strong legacy to future generations its culture must be protected. This ranges from the care of historic sites and museum collections to preserving its language and those unique parts of everyday life that make Guernsey so special. Every opportunity should be taken to promote interest and pride in the history and culture of Guernsey. However, the cultural identity of Guernsey is forever moving on; change is a fact of life, and should be embraced as an opportunity for expansion and development. The challenge
is to ensure that change is balanced with the continued care and respect for cultural identity and historic environment.

**An active, stronger society**
The facilities and activities that improve the quality of life are varied, and include those that stimulate the mind as well as the body. There is an obvious link between healthy living, exercise, sport and quality of life but this is only one part of the jigsaw. An interest in the arts, heritage, reading, live music or simply socialising with friends often has just as big an impact on wellbeing as physical condition. An active society that is engaged in positive activities and interests with true community spirit and resolve builds a stronger and safer society.

**Guernsey as a unique cultural venue**
The economic performance of Guernsey as an Island has an effect on all who live and work here. The constant positive promotion of Guernsey to the outside world as a successful and high quality venue for sport, the arts and heritage is an important contributor to the future success of the Island, in terms of attracting future investment, tourism and employment opportunities. The success of islanders on the world’s stages and in its sporting arenas reinforces that message.

**A wider range of opportunities for all**
Diverse formal and informal cultural opportunities should be available for all. These should be as accessible and inclusive as possible, irrespective of age, gender, financial situation or mobility. As well as working with other departments in providing facilities and activities and in being a source of information, the department also supports the work of the Museum Service, the Guernsey Sports and Arts Commissions and has developed and sustained a wide range of community events including Liberation Day and those under Floral, Sport, Arts, Good Food and Nautical Guernsey banners.

**Investment in Culture**
The Department will continue to ensure that public money is only invested where there is:

- A clear understanding of its use or purpose
- Strong sustainable partnerships with providers who deliver
- Wide access and inclusivity
- Creativity
- Open monitoring and review

Many of the aims, objectives and actions within the Cultural Strategy will be achieved from within existing resources. However, some will be reliant on partnerships and additional resources from sources other than the States of Guernsey.
2. **Who we are:**

The department is structured into four main sections with further links to its partner organisations. The areas of responsibility for these and the staff resources applied are shown in the following charts:

**Note:** The dotted line boxes are those organisations that receive grants from the Culture and Leisure Department and deliver services to the community on its behalf.
3. **Longer Term Objectives**

4. **How We Spend Public Money**

**Budget 2010: £3,625,000**

- Central Services £602,000
- Leisure Services £967,000
- Sports and Arts £531,000
- Marketing, Events and Information £355,000
- Museums Service £1,170,000
5. **Financial Transformation Programme (FTP):** The department is contributing to all of the workstreams of the States wide FTP, most specifically to the review of the subsidy of Beau Sejour Centre.

6. **How We Monitor:** The Culture and Leisure Department regularly monitors and reviews its performance varying from simple qualitative and quantitative analysis to more rigorous inspection and accreditation by outside independent bodies. It also consults regularly with the users of its services and facilities in order to improve what it offers. In order to ensure that high standards of services and facilities are properly maintained, the Department regularly has its performance and accreditation reviewed by a number of independent quality assurance schemes. These currently include:

**QUEST** - a sports facilities/services accreditation that assesses Beau Sejour Leisure Centre. The Centre maintained its ‘Highly Commended’ grading in April 2009, which puts it in the top ten per cent of leisure centres in the UK.

**MLA** (Museums and Libraries Association) - the Guernsey Museum & Art Gallery currently has Registered Status with the MLA.

**VAQAS** (Visitor Attraction Quality Assurance Scheme) - an accreditation which measures the experience that a visitor would have in terms of service, facilities and the general quality of the visit. Guernsey Museum, Castle Cornet and Fort Grey are all currently VAQAS accredited.

A range of Key Performance Indicators have been developed and are being continually improved upon. All of these are available on the website at [www.gov.gg](http://www.gov.gg) or on request. A small selection are shown below:
