

STATES OF DELIBERATION

25th September 2013

Billet d'Etat XVIII

Article 8

AMENDMENT

Proposed by: Deputy J P Le Tocq

Seconded by: Deputy F Quin

Home Department

Guernsey Police Central IT System Replacement – Request for a Capital Vote

To delete the Proposition and replace it with the following:

“Whether, after consideration of the Report dated 1st July, 2013, of the Home Department, they are of the opinion to delegate authority to the Treasury and Resources Department to approve a capital vote of £1.5million to be charged to the Capital Reserve, once the project for the replacement of the Guernsey Police Central IT System has achieved a green gateway review.”

Explanatory Note

This project has been going through the States of Guernsey Gateway Review process and reached Amber status at the recent third Gateway Review. The outstanding issue which will enable the project to attain a “Green” Gateway Review status relates to finalising the contractual negotiations with suppliers. It is expected that these negotiations will be completed within the next few weeks and that the Gateway Review panel will award the project “Green” status.

This project is pivotal to enabling a number of significant efficiency initiatives for the Emergency Services, including the provision of a Joint Emergency Services Control Room and it is vital that it proceeds expeditiously.
