Proposed by: Deputy G A St Pier Seconded by: Deputy R Perrot

Policy Council Review of States Members and Non-States Members Pay

In Proposition 4:

- a) To delete "should be £2,000 per annum and"; and

 - b) In the cases of those other Committees, £2,000 per annum".

Rule 15(2) information

For the purposes of Rule 15(2), it is estimated that the financial implications for the States of carrying the amendment into effect (in respect of the minimum two committee members serving on the States Trading Supervisory Board who will not be States' members) would be to reduce by £12,000 p.a. the savings from the reduction in the number of States' members following the changes approved to take effect from I^{st} May 2016.

Additional information

The Treasury and Resources Department having consulted with the States Review Committee and having regard to the experience of the Treasury and Resources Supervisory Sub-Committee during this term, is unanimously of the view that the responsibility and time commitment of those committee members serving the States Trading Supervisory Board who will not be States' members, will be greater than that required in respect of other committees. The Board will be acting as a board of directors for the unincorporated businesses (e.g. Guernsey Water) discharging a similar function to the boards of directors for the incorporated businesses (e.g. Guernsey Post,) for whom the current rate of remuneration for the non-executive directors is £10,650 p.a.
